# **Instructions for Harvester Catch Form 2002.3H**

### A. Harvester Information:

• Year: Enter year of harvest. Use one form per year.

• Name of Harvester: Print name legibly.

• State License Number: Enter state license number.

• Vessel Name: Enter name of boat.

\*Yellow copy for your records

\*White Copy to DMR

• **Phone:** Enter a phone number where you may be reached if the form has not been filled out correctly.

## **B.** Negative Reports: If you DID NOT HARVEST any species for one or more months:

• In the box in the upper right-hand corner of the form, check the month(s) you did not harvest. Note: Do not fill out negative reports for future months unless you are sure you will not be harvesting at that time.

## **C. Positive Reports**: If you did harvest marine species in a month:

• Month: Check the month of the harvest.

Note: Fill out a separate form for each month you harvested.

- **Day:** Enter harvest day.
- Crew (No): Number of people including the captain.
- Gear: Using the gear code list provided (see Table 1), enter the three-digit code for the type of gear used. In the **Qty** column, enter the number of pieces of gear used. For example, if you are using 2 gillnets, enter "2" here. Shrimp and Green Crab Trappers: enter the total number of traps you hauled that day.
- \*Sets (No): Enter the number of sets or tows. Shrimp and Green Crab Trappers: enter the total number of strings you hauled that day.
- \*Set time (Ave Hrs): Enter the number of hours your gear fished.
- \*Depth (Fa): Enter the depth of the gear in fathoms.
- Lat/TD1 and Lon/TD2 (Or Harvest Area): Enter the latitude and longitude (deg/min/sec) or loran bearings of the area harvested. If you do not have catch coordinates, enter the name of the area harvested. For example, "Boot Cove."
- Time (At Sea): Estimate the total harvest time in hours. This includes travel time to and from the harvest location.
- Species: Using the species code list provided (see Table 2), enter the four-digit code for the type of species caught, including bycatch. Seaweed harvesters: after the four-digit code, include the letter "A" if the seaweed was attached or "D" if it was detached.
- \*Length: This column is for halibut harvesters only. Enter the length of Atlantic halibut from the tip of the head to the tip of the tail. Please record sub-legal fish (<36") caught and released. If you tag a sub-legal fish, not the tag number in the "pounds" field or comment section.
- **Pounds:** Enter the estimated pounds of the catch. Seaweed harvesters: enter wet pounds. If reporting a dressed weight, make note of that in the comments section.
- Use: Enter the use code for the catch (see Table 3).
- Town (Port): Enter the port where the catch was landed. Seaweed harvesters: enter the town where the species was harvested. If you harvested in different towns on the same day, use separate records for each town.

### D. Signature: Sign.

E. Other Comments: If you harvest a species or use a gear that is not included on these lists, note it in this box. If you need more forms, note it in this box.

\* Indicates seaweed harvesters do not fill out this field.

\*\*Shrimp harvesters are required to submit one report for each boat licensed.

Reports are due on a monthly basis by the 10<sup>th</sup> of the following month.
